

xP1200

Medium-Heavy Range

Productivity (m3 in 8 hours)

Hard rock, Compact basalt, Limestone.
110min / 300max

Medium-hard rock, Slate, Non-omogeneous granite.
130min / 380max

Concrete non reinforced stratified limestone, tuff.
220min / 520max

Technical Specification

| | |
|---------------------------------|---------------|
| Working weight | 1200 Kgs |
| Carrier's weight min/max | 14/20 ton |
| Total height | 2500 mm |
| Tool diameter | 120 mm |
| Useful length of standard tools | 550 mm |
| Oil flow min/max | 100/130 l/min |
| Working pressure min/max | 165/175 bar |
| Blows per minute | 339/718 1/min |
| Impact energy | 4496 joule |

Size Compatibility

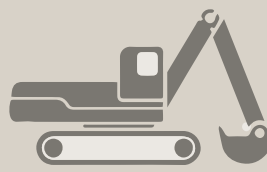

MINI LOADER

BACKHOE LOADER

COMPACT EXCAVATOR

CRAWLER EXCAVATOR

WHEELED EXCAVATOR
